

Scosche Intros New Chargers

Written by Marco Attard
11. May 2012

Scosche launches a selection of mobile device chargers at CTIA 2012-- including the reVOLT USB port charger range.

The reVOLT H4 and H4 Pro chargers feature four 10W (2.1A) USB ports for speedy mobile device charging. The H4 Pro also includes a micro-USB cable and an Apple 30-pin connector adapter.

The company also announces the reCOIL II car charger-- a 2.1A charger with a retractable cable for use with iDevices.

Finally Android devices get a micro-USB version of the flipCHARGE burst backup battery, providing an emergency burst of up to 30% of full device power.
